Settlement of Differences - Grievances – Arbitration

Section 4.01. Definition of Grievance Procedure.

A grievance is defined as a written complaint alleging a violation involving the application of, interpretation of or compliance with the provisions of this Agreement. A grievance may be filed and processed in accordance with the specified procedures and steps by the Union, provided the failure to file a grievance shall not be considered evidence of contractual intent. No member or group of members of the bargaining unit may refuse to follow directions pending the outcome of a grievance. An aggrieved employee shall have the right to a Union Steward appointed by the Union.

Section 4.02. Procedure.

The following procedure shall be used in the submission of a grievance as defined in Section 4.01 hereof:

A. Step 1. Should a grievance arise, the employee, with or without a steward, will discuss the matter with the employee's supervisor/department head within seven (7) working days from the date the events giving rise to the grievance occurred or the date the grievant first became aware of such event.

B. Step 2. Should the matter remain unresolved, the Union shall put the grievance in writing within seven (7) working days of the oral discussion. The grievance shall be submitted on forms furnished by the Union. Such notice shall specify the section of the contract alleged to have been violated. One copy of the grievance shall be given to the department head/supervisor. Within seven (7) working days of receiving the written grievance, the parties shall meet in an attempt to resolve the grievance. Within seven (7) working days of the grievance meeting, the department head/supervisor shall issue a written decision to the union steward, with the grievant receiving a copy.

C. Step 3. Should the decision be unsatisfactory to the employee and the Union, within seven (7) working days, the employee and the union steward shall meet with the general manager to discuss the grievance. The general manager will issue a decision to the union steward, with the grievant receiving a copy.

D. Step 4: If not resolved satisfactorily, the Union may submit the grievance to arbitration within thirty (30) calendar days after the receipt of the Step 3 decision, or,

within thirty (30) calendar days of the date the decision by the general manager should have been issued. The Union may submit the grievance to arbitration by giving written notice of such to the general manager. The Utility and the Union may agree upon an arbitrator.

If the parties are unable to agree upon an arbitrator, then the Union, within seven (7) working days of the notice to the general manager that the grievance is to be submitted to arbitration, shall request that the Iowa Public Employment Relations Board submit to the parties a list of five (5) proposed arbitrators. Within seven (7) working days of the receipt of a list of arbitrators, the parties shall meet for the purpose of selecting an arbitrator from the list, which shall be accomplished by alternately striking names. The first strike shall be determined by a coin toss.

The arbitration provision of the Agreement may only be invoked with the approval of the Union and, in the case of an employee's grievance, only with the approval of the employee.

Section 4.04. Miscellaneous.

The arbitrator's decision shall be final and binding. The authority of the arbitrator is to determine the matters of interpretation or application of the expressed provisions of the Agreement and the arbitrator shall have no power or authority to add to, subtract from, or modify any of the terms or provisions of the Agreement or issue a ruling in conflict with state law. The employer and the union shall share the arbitrator's fees and expenses equally. Each party shall be responsible for compensating its representatives and witnesses. All grievance and arbitration meetings shall occur outside the employee's normal working hours, unless both parties agree to a different arrangement.

Section 4.05. Time Limitation

Any time limitations herein may be waived or extended in writing by mutual agreement of the parties. As used herein, a working day is considered a twenty-four (24) hour period within the grievant's workweek from midnight to midnight.

If the Union fails to comply with any time limitations or extensions thereof, absent a written waiver of such time limitations, the grievance shall automatically be resolved in favor of the Utility. If the Utility fails to comply with any time limitations or extensions thereof, the grievance shall automatically move to the next step.

Section 4.06. Exchange of Information

The union and the Employer agree that it is important that all parties share all available information regarding grievances and to that end both agree that at each step of the grievance procedure, the parties will provide to each other copies of any written statements of witnesses, if they exist, and a list of all witnesses who have knowledge regarding the grievance. If the grievance goes to arbitration, both sides, at least forty-eight (48) hours prior to the arbitration hearing, shall exchange a list of the exhibits and witnesses each side intends to produce at the time of trial with a short statement of each witness's testimony.

In the event that the Utility determines that a vacancy will not be filled, written notice of this decision shall be forwarded to the Union, including a brief explanation of the reasons for the decision. This provision, however, shall not be grievable unless the notice reveals a violation of another provision of this Agreement.

B. Posting. The employment opportunities shall be posted and the posting shall continue for three (3) working days. The job posting shall be sufficient if in writing, stating the job position which is open, the location of the work, the starting rate of pay and the description of the job. The job shall be offered to the most senior bargaining unit employee who bids the position and who meets the qualifications for the position, as posted. In the event that no qualified employees bid for the employment opportunity, the Utility shall be free to fill the employment opportunity by hiring a new employee who meets the qualifications of the original bid sheet. Determining qualifications shall be at the sole discretion of the Utility.

E. Award. Within ten (10) days after the conclusion of the posting, the Utility shall award the job or notify the Union of the reason for the delay. When a job is filled, the Utility shall post written notice of the award giving the name of the employee awarded the assignment, or advising that no employee has been awarded the assignment, a copy of which written notice shall be sent to the Chapter Chair of the Union. The employee receiving the job shall be transferred to the new job as soon as possible.

held in the old classification.

G. Qualification Period. An employee who is promoted or transferred shall be subject to a qualifying period, which shall extend for a period of one (1) month from the date of transfer. If the employee is determined to be unqualified to do the job, at the conclusion of the qualifying period, or if the employee so chooses, he shall be transferred back to his former job classification.

Section 5.03. Layoffs.

Layoffs are defined as elimination of filled positions or as reductions in hours for an individual employee. Layoffs of employees shall be made in accordance with seniority, as follows:

A. Probationary, temporary or seasonal employees. Employees who have not established seniority with the Utility shall be laid off first.

B. Regular Part-Time Employees. Thereafter, regular part-time employees shall be laid off in inverse order of their established seniority.

C. Regular Employees. Thereafter, regular employees shall be laid off in inverse order of their established seniority, but upon layoff, an employee may bump another in any classification who has less seniority, provided that the first employee is qualified to perform the job, in the judgment of the Utility.

Regular employees on seniority lists who are to be laid off shall be entitled to one (1) week advance written notice. All bumping will occur within that one week period.

Section 5.05. Bumping.

Bumping of junior employees by employees who are laid off with greater seniority shall be allowed in those cases in which the layoff extends or exceeds a period of ten (10) working days. The decision with respect to qualifications of the employees involved, shall remain the sole responsibility of the Utility.

Section 5.06. Retention of Seniority by Laid Off Employees.

Employees who have been laid off during the term of this Agreement shall maintain their Utility seniority for up to a period of eighteen (18) months, upon condition that they return to the employment of the Utility as promptly as circumstances permit, but not to exceed fourteen (14) days after notification by the Utility of its willingness to re-employ them, except by mutual agreement of the parties. It is the laid off employees' duty to keep the Local Union and the Utility advised of his current address and whereabouts.

Section 5.07. Recall of Laid Off Employees.

The recall of employees following layoff shall be done as follows:
